PIM TO BE FEATURED ON NEW SHOW

In January PIM member Missy was invited to share the experiences she had this last summer at Bobby Mackey's in Wilder, Kentucky on a new show called "Ghost Adventures: After Shock".

This last summer four PIM members and 3 special guest investigators investigated 4 locations throughout Ohio and Kentucky. During this "Expedition" the group investigated Bobby Mackey's. This is a very well know "haunted" location that has been featured on many shows including Ghost Hunters and Ghost Adventures. Ghost Adventures has been there twice and both times have many claims of activity including being physically attacked, evil spirits following them home after the first investigation, being possessed, many EVP's and visual sightings. The Night Club has a history of murder, suicide, mob connections, shootings, beatings etc. (if you would like to read more about Mackey's history you will find it written in both reports from PIM's recent visits to the night club).

On July 24th it was PIM's first time investigating Mackey's. This was the 3rd investigation on the "Expedition" and was to be a short one, only 5 hours. It turned out to be five of the most interesting hours of the expedition. The overall conclusion about the night was that there is something definitely occurring there that is not readily explained. Many unexplainable things happened that night but 2 of the most predominant occurrences was that Missy was pushed not once but twice on two separate occasions by something unseen and both events occurred in front of many witnesses. This is why the "After Shock" show contacted Missy. Wanda Kay, who runs the paranormal tours and investigations at Mackey's, was contacted by Ghost Adventures asking if anything had been happening recently at the night club. PIM's visit stood out in her mind so she told them about that July 24th visit. Unfortunately not everyone that was involved in the investigation was able to go but about a month after originally being contacted Missy was off to Las Vegas for filming.

It is uncertain at this time when the show will air but rest assured PIM will keep everyone posted on Facebook, Twitter, in the Newsletter, and our Website!

If you would like to read more about PIM's visits to Bobby Mackey's please read our reports on our Website under the Cases tab.

New Member, Mary Sciorba

In January PIM welcomed new PIM member, Mary Sciorba to join our team. She wrote a short article about herself so we can all get to know her a little better. Mary is a great addition to PIM and we look forward to her becoming a part of the PIM family

I became familiar with PIM after taking Lead Investigator and PIM founder Noah's class not once, but twice, through the West Milwaukee/West Allis rec department. In my spare time, I train in obedience and agility with our dog. I am also an avid reader and Green Bay Packer fan. Professionally, I am a Registered Nurse at a psychiatric hospital. I became interested in the paranormal after doing some (legal) urban exploration of a few historic buildings. I was curious about the history, significant events, and occupants surrounding these buildings and fascinated by the thought of residual energy remaining behind. As a member of PIM, I am looking forward to learning about conducting investigations, proper use of equipment, scientifically debunking claims, and most of all, the possibility of having an experience that cannot be explained.

Recent Investigation News/Highlights

- On January 21st, PIM member Missy flew out to Las Vegas, Nevada for filming of the new show "Ghost Adventurer: After Shock". Please see the article on Page 1 for more details.
- On February 1st, PIM members Gravy, Tea, and Denys investigated a private residence in Milwaukee, WI. The investigators were able to debunk some claims of activity but overall it was a pretty quiet night. Evidence review is still ongoing for this investigation but a report will be posted on PIM's website soon.
- This Saturday PIM Lead Investigator Noah will be hosting a private Equipment Training class at the West Allis Library for two new PIM members, and for a few members from other area paranormal teams. This is not open to the public but if you are interested in learning more about Paranormal Investigation and the equipment used Noah will be teaching classes this spring at UW-Waukesha. Check out UW-Waukesha's Continuing Education Website and click on the A La Carte Courses for more info, or visit PIM's website and follow the link.
